

FIRE SURROUNDS, STOVE SURROUNDS & ELECTRIC SUITES

WE FOCUS ON CRAFTSMANSHIP. YOU FOCUS ON YOUR STYLE.

For over 35 years Focus Fireplaces has been a company driven by a passion for designing and creating products for the fireplace industry. All of our products are manufactured using premium, responsibly sourced timbers and materials in a purpose-built factory in York.

Our experienced and highly skilled team are dedicated to the delivery of excellence; from the finest quality products to the best possible customer service, we take pride in maintaining our market-leading reputation.

As each product is individually made for each customer, we have the capability to alter or amend our designs to suit your specific requirements, therefore offering a fully made-to-measure service.

We have a policy of only selling our fireplace products through appointed retailers, installers and tradespeople to ensure that customers receive the best possible service, advice and technical assistance.

Visit our website www.focusfireplaces.co.uk to explore our full range of Fire Surrounds, Stove Surrounds, Mantel Beams and Electric Suites.

Proud to design and manufacture in Great Britain

YOUR FIREPLACE **YOUR STYLE**

Focus make Fire Surrounds, Stove Surrounds and Electric Suites to meet your aesthetic requirements.

The table opposite illustrates the wide range of finishes available, from Kiln-dried and Air-dried Solid Oak, to Canadian Pine and Wooden veneers. You can also choose from our wide palette of Paint finishes, use our Colour-Matching Service, or simply have a medium density fibreboard Fire Surround painted in a prime white finish ready for you to finish yourself at home.

Real timber and veneers have a wide variety of natural grain markings which add to the beauty, individuality and presence of the fireplace, so whilst our images represent the final products, no two surrounds will ever be identical your fireplace will be as unique as your home and your style.

Your selected appliance/fire will also determine which kind of product is suitable for your installation, therefore we recommend consulting with your local retail fireplace and stove specialist, a list of our partners can be found at www.focusfireplaces.co.uk/find-a-stockist

GUIDE TO OUR **DIMENSION TABLES**

- Mantel Depth Surround Height Opening Height
- Opening Width Width at Base
- Rebate

Metric and Imperial measurements to help guide you through the Standard sizes of our various Collections. Whilst these dimensions are designed to help with your selection it must be noted that any of the products that feature in this catalogue can be adapted to suit your specific requirements, please consult with your retailer for further information.

SUITES FOR INSET ELECTRIC FIRES

Our Inset Collection features a selection of suites designed specifically for inset fires. Complete with a back and hearth they can be provided with a cut-out to suit a traditional inset fire or a square/rectangular inset fire.

If this selection does not have a suite to suit your requirements, then any of the surrounds from our Prestige, Heritage and Classic Collections can be adapted to create an electric suite by simply specifying a size and adding a back and hearth.

MODERN FIRES, YOUR RULES

Our Panoramic Collection features a number of suites that have been specifically designed to adapt to the various one/two and three sided fires that are becoming more prevalent in modern home design.

MID GREY

Whilst they are all illustrated with leading fires from manufacturers including Stovax Gazco, British Fires, Charlton and Jenrick, Onyx Avanti and BFM Europe, each can be modified to suit fires from other manufacturers (some exceptions apply – see individual products for more details).

The various components are explained by the following graphic, and the base and top sections are available as separate components. Ultimately the size of the fire will dictate what can be achieved, so speak to you retailer/stockist for more information.

AVAILABLE TO FIT MULTIPLE SIZES

900mm 1100mm 1300mm 1500mm

TEAK ON OAK

Most of our electric suites are available in multiple sizes*,to meet the requirements of all major modern electric fireplace manufacturers. The suites correspond to the size of the selected fire - ask your retailer/ stockist for more information.

*The suites designed for the Gazco eStudio and Onyx Fusion fires are specific to these particular fires.

FOCUS ON THE DETAIL

LIGHTING KITS

Selected surrounds and electric suites can accommodate optional downlights and/or strip lights.

DOWNLIGHTS – requiring an additional power source (to the fire) the downlight kits are great for adding ambient light to your Fireplace. Independently switched, they can be installed at the time of manufacture (selected models only).

INTEGRATED LIGHT STRIPS – Light kits that can be plugged directly into the Gazco and Onyx fire ranges (where available) enabling the remote control from the fire to operate the lighting system.

STAND ALONE LED LIGHT STRIPS -

requiring an additional power source (to the fire) the light strip kits are operated with their own remote control (supplied).

FIXING KITS

Your installation team will assist in the specification of the correct fitting system for your surround/suite.

We have a number of solutions to help with the correct installation including:

CONCEALED FIXING BRACKETS -

a two piece system (each bracket) that allows for a fully concealed installation and allows for simple removal.

'T' BRACKETS - designed to help carry the weight of selected 'floating' shelves and panoramic suites, to be used in conjunction with the electric fire hanging kit supplied with your selected panoramic fire (where required).

EASY-FIX BRACKETS - where specified some of Stove surrounds are supplied with one of our Easy-Fix brackets to firmly secure the mantel to the wall (and enable removal for (re) decoration).

KEY-HOLE BRACKETS – standard fitting for our 3-piece stove surrounds. Can be used with the optional easy-fix bracket. (Key-hole bracket for legs).

BEAMS & **SHELVES FOR STOVES**

We also have a full range of Oak & Non-Combustible beams & shelves - ask your retailer / stockist for a copy of our latest brochure.

FOCUS FIREPLACES LIMITED
